B. Important Academic Policies

- Completion of this form does not enroll a Scholar in the UNC course(s). Scholars must register for the selected course(s) through the online UNC registration system (ConnectCarolina) in the appropriate UNC registration window.
- Scholars are expected to follow all Duke procedures and deadlines regarding add/drop, etc., *even for UNC courses!* Completed forms should be submitted immediately upon registration for a UNC course; however, the final deadline is the Duke Registrar's drop/add deadline. Failure to submit completed forms by the deadline will result in immediate removal from the UNC course(s).
- All UNC courses and grades will be recorded on the Scholar's Duke academic record and computed in their Duke GPA.
- Scholars cannot choose pass/fail grading as an option for UNC courses normally assigned letter grades, though courses that are assigned pass/fail grades only will be accepted as such. Scholars are limited to two UNC courses graded pass/fail for their entire undergraduate program.
- Once a course has been evaluated and awarded Areas of Knowledge and/or Modes of Inquiry Codes, the approved designations, unless otherwise specified, are permanently attached to the course and subsequent approvals are not necessary.
- Students are expected to submit Area of Knowledge and/or Mode of Inquiry requests immediately after completing the course (if not submitted earlier), but no later than the end of the 4th week of classes in the subsequent fall or spring term.
